

Thomas Withdraws.

In a moment of weakness I consented to ask of the people of Coconino county a nomination for a public office by the Republican county convention soon to assemble, thinking that a residence of over twelve years in this county and a long experience in public office in other States in my youth would commend me to the confidence of the public. But advancing years and the usual infirmities of old age admonish me to leave to younger men the responsibilities of public office, and not offer myself as a candidate. J. L. V. THOMAS.

Played Out.

Dull headache, pains in various parts of the body, sinking at the pit of the stomach, loss of appetite, feverishness, pimples or sores are all positive evidences of impure blood. No matter how it became so it must be purified in order to obtain good health. Acker's Blood Elixir has never failed to cure scrofulous or syphilitic poisons or any other blood diseases. It is certainly a wonderful remedy, and we sell every bottle on a positive guarantee. W. R. Edwards, druggist. 2

University Extension Lectures.

Arrangements have been perfected for a series of lectures at Flagstaff by Dr. Geo. Hull, of Pasadena, Cal., a prominent lecturer connected with the university extension work of the south west. He is expected here early in October. The executive committee of the University Extension Association have been dissatisfied in securing lecturers, but those interested in the work should not be discouraged. The committee should receive good support in Flagstaff in the future. The lectures given last season were of the highest order.

J. M. Dennis, the enterprising lumberman of Maine, is in town this week. Mr. Dennis has petitioned the authorities for a school district at Maine, agreeing to build and furnish the schoolhouse if the prayer of the petitioners is granted.
